CHECKING OUT

Browse the Ohio Digital Library collection using keywords and search filters.

Once you find a title you would like to check out, select **Borrow**.

Click **Download** (select one format) and select **EPUB** for eBooks (even Kindle Fire Users), or **MP3** for Audiobooks.

Click **Confirm and Download**. Your title will begin downloading automatically.

Tip: In the top corner of each title there is an icon of a book (eBook) or headphones (audiobook). If the icon is dark, then a copy is available. If it is grayed out, then you must place the item on hold.

5

RETURNING A TITLE EARLY

Open the **OverDrive** app.

Press and hold the cover of the title you would like to return.

Select either **Delete** or **Return** in the small blue pop-up and confirm your choice.

Three days prior to the due date, you may be able to renew the title. Go to the Ohio Digital Library and click on the **Account** icon. Select the green **Renew** icon next to the title you would like to renew. If the icon is gray, you will be added to the hold list.

Tip: Items will return automatically after the checkout period. You are allowed ten titles to be checked out at any given time. You may return items early to checkout new titles; allowing the returned title to become available for the next person on the holds list.
